The paperwork has been submitted for changing the club station licensee and renewal of the license.

I will be purchasing 2 new antennas for the repeater as soon as Hamcation is over as I want to be able to take advantage of any special prices offered at the Hamfest. Also as authorized at the meeting I will be purchasing a new back-up battery for the repeater.

Once we have the antennas we will pursue having them erected by the most efficient and cost effective means. Hopefully we will be able to use them before the end of February.

A nominating committee was appointed to supply a list of candidates for the club offices.
